From Internet we get information on any subject and its available just at an click of a button. Within a fraction of seconds all the information is available, Isn't it children?

You can find information about trees, animals, universe, human body, microbes, anything it has no boundaries. It also gives all the information from past, present and future as well.

Tree

Animal

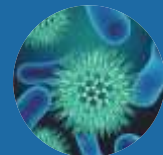

Universe

Human body

Microbe

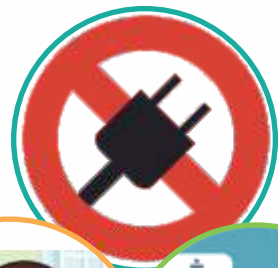

But, kids what about yourself? Does the Internet know you? You spend hours and hours on it still does it know you, does it know about your past, present or future, does it guide you whenever you are in a problem or in an adverse situation?

Do your devices work if there is **no power supply?**

Does Internet work if your devices are **not charged?**

Or can you work if there is **a weak network?**

**No? No? No?**

Still we tend to spend hours on it. We search information about the outside world on Internet and forget **Our self, Our own Innernet!**

Isn't it kids?

Let's experience the (self) inner journey, search our inner soul and connect with Guru!

With the help of Internet connection, one can become a google master.

With the help of Innernet connection, one can become like Parmatma.

So decide Kids!  
What you want to become...  
Google master or like  
Parmatma Mahavir?

What shall we do to activate our Innernet?

To charge our Innernet we need to do good deeds, to implement good virtues in our life like Ahimsa, speak truth, Aparigrah, to control our senses, to be friendly with all jivas seeking forgiveness from all will lead to the charging of our Inner connection and there by we will

also become like Parmatma.

To reach till Parmatma,  
Guru is like a **Bridge**.  
Our strong connection  
with Guru will lead to  
a stronger connection  
with Parmatma!

You need **Blessings**  
to get Innetnet  
You need **Money**  
to get Internet.

# Let's know about the Innernet

Internet works on  
3 devices  
that are

Hardware

Power Supply

Software

- Gurubhakt Ghatkopar

## Our Inner knowledge!

The more we surf on our own Inner devices the more we attain Gnan like our Parmatma.

Our Parmatma Mahavir swami surfed on his Innernet for 12½ yrs and attained Keval Gnan!

Innernet also works on  
3 devices  
that are

Mann

Kaya

Vachan

Just like Internet if the software, hardware or electric supply doesn't work the computer will stop!

Similarly, our Innernet will only function properly when all the 3 devices that is mind-body and soul are in harmony with each other.

Spoil your eyes

Physically weak and lazy

**Disadvantage of spending more time on Internet**

Wasting your precious time

Disturbance in one's meal

You will feel peace and clam

You can change your behavior and attitude towards your life

**Advantage of spending more time on Innernet**

You will get time for self monitoring
